

# Fish Chomp – Scratch Check List

Name: \_\_\_\_  
Division: \_\_\_\_

Done?

## 1 Create Big fish

## 2 Create Little fish

## 3 Make a background

## 4 Big fish swims

Big fish should now follow your mouse pointer around.

## 5 Little fish swims (aw)

Little fish 1 should swim in a wobbly way. He will probably get stuck when he hits the edge.

## 6 Little fish bumps (ouch!)

Little fish 1 should now bump away from the edge and keep on swimming!

## 7 Big fish chomps

When Big fish swims over Little fish, Big fish should close and open mouth, and a sound should play.

## 8 Little fish vanishes & born again!

When Big fish swims over Little fish, Little fish should disappear, then 3 seconds later reappear on the left side of the screen.

## 9 Clone Little fish 1

All the little fish should be swimming. When Big fish eats any little fish, it should disappear, then 3 seconds later reappear on the left side of the screen.
